

DS-619A-120T/-180T

皮面压花机

HYDRAULIC AUTOMATIC PLATING IRONING MACHINE

主要特点: FEATURES

01

采用先进的设计理念，噪音低，节省能源。
Adopting an advanced design idea, with low noise and save energy.

02

全封闭式结构，操作安全。
Closed structure is safe for operating.

03

工作时通过油路控制防止下模移动，工作可靠。
Adopting special design of oil circuit controlling system to avoid lower plate moving, which is reliable for working.

04

工作完毕模板自动伸出，同时上模自动向上打开，方便物料放置，降低了劳动强度。

The lower plate can be stretched out automatically, and the upper one can be opened upwards automatically at the same time, which is convenient for material laying and reduces labor intensity.

主要参数: MAIN TECHNICAL PARAMETERS

电机功率	Motor Power	3kW/5.5kW
总功率	General Power	7kW/9.5kW
电源电压	Power Supply Voltage	380V
供电相数	Power Supply Voltage	3-Phase
频率	Frequency	50Hz
最大工作面积	Max. Working Area	500mmX600mm
最大工作压力	Max. Working Pressure	120T/180T
机器净重	Machine Net Weight	1500Kg/1690Kg
包装重量	Package Weight	1580Kg/1750Kg
外形尺寸	External Dimensions(LWH)	124 × 136 × 160cm/124 × 136 × 160
包装尺寸	Package Dimensions(LWH)	138 × 100 × 176cm/136 × 100 × 176cm

皮面压花机

Hydraulic Automatic Plating Ironing Machine

本机适用于鞋面、箱包大平面压花、冲孔。
Used for embossing and punching in large area of leather shoes and cases.
